BASEBALL TODAY.

Two Good Games Scheduled for This Afternoon.

The Customs will oppose the Punahou Athletics on the campus at Oahu College this afternoon at three o'clock. Harry Wilder is a fresh comer to the team although well known to all as a player. Contrary to general expectation, he has been apportioned to left field instead of behind the bat. Lionel Hart, another of the older players will endeavor to redeem the Customs nine with his pitching. The Artillery team will try conclusions with the present champions of this season, the H. A. C.'s and on the form displayed by the military men last Saturday the H. A. C. nine will not have as easy a time of it as many expect they will. The line up of the four nines is as under.

Certain Cure for Dyspepsia

When the digestive organs are in a healthy condition, these organs extract from the food all that goes to make good, rich blood, firm muscles, steady nerves, and a sound, healthy body. When irritated, congested or inflamed, they fail to do their work properly and less of flesh, shattered nerves, indigestion, sour stomach, flatulency and heart burn follow. Herein lies the cause of the failure of all remedies for dyspepsia heretofore placed on the market. Drugs will not and cannot digest food. They only decompose it, and decomposed food will not make pure blood or give health or strength to the body. The irritated stomach may be relieved for a time but the patient soon finds himself in a worse condition than before.

TAROENA

is Nature's remedy for dyspepsia. The most obstinate case of stomach trouble will be relieved at once and a speedy cure follows. It does it in a common sense way and because it is so simple you may believe it ineffective. We have never yet learned of a case where Taroenia failed to bring about good results. Only a few days ago a customer said: "I want to say a good word for your Taroenia. I had been troubled for some time with dyspepsia and suffered greatly. Tried different remedies to no purpose. One package of Taroenia has cured me. I have learned to like the food, too." Why not try it?

MERCHANTS' ASSOCIATION DISCUSSES SATURDAY CLOSING.

Merchants' Fair Movement Progressing—Street Cleaning in Order—Protection on Coffee Discussed.

Two half holidays were favored at a meeting of the Merchants' Exchange yesterday, one a regular holiday every Saturday and the other as an observance of Coronation Day, possibly to be extended into a whole day. The clean street question was brought prominently forward and resolutions in favor of a cleanly city are in order.

The Campbell Estate and Irwin & Co. seem, according to the committee reports, to be the stumbling blocks in the matter, all others having agreed to pay the pro rata while the firms mentioned had not yet replied to the letters of the committee. The Austin Estate and J. O. Carter were recorded as objecting to the movement. The committees were continued and the Superintendent of Public Works will be interviewed as to his disposition and ability to do something in the matter. The movement is the outcome of a successful experiment in street cleaning conducted by the Port street between Hotel and King where by the merchants have paid a pro rata for the purpose of having their portion of the street kept clean of accumulated dust and rubbish.

A report from A. Barnes, agent the establishment of a credit bureau was received with much favor and relegated to the trade and finance committee for a special report.

Progress in the attempt to get a favorable tariff upon coffee was shown by several letters sent and received by A. L. Louissin in a correspondence with Porto Rico planters concerning a combine of forces in an endeavor to get protection for the mutual coffee industry.

The Merchants' Fair Committee made their report stating that hearty co-operation was promised on behalf of the government and also from the inter-island steamship companies, which had made a round trip rate of one fare and promised to carry all exhibits free. The Fair is to be held in conjunction with the Agricultural Fair the end of July. The Jockey Club have promised a race meet on the condition that the fair committee guarantee a proportion of the purses. The question of a location was considered a serious one by the committee which asked that a committee be appointed to request the Governor to in his turn ask the military authorities for permission to erect a suitable building or pavilion for the display of exhibits and other uses of the fair, upon the drill shed grounds. The committee was increased to six and given power to carry through the proposition. A committee was appointed, consisting of J. G. Rothwell, J. F. Hamburg and W. Lishman to look into the suggestion of an information bureau and other advertising features in the tourist trade. The committee on publicity will take up the matter of buying copies of the handbook being arranged by Secretary Cooper.

The question of Saturday closing resulted in the appointment of a committee of two to interview merchants with the view of securing unanimity of action. The Association pronounced in favor of the plan. A resolution was also passed of the sense of the meeting in favor of the general recognition of Coronation Day.

ORPHEUM OPENS TONIGHT.

The Australian press has the following to say about the Sutton-Cogill combination which opens tonight at the Orpheum. The sale of seats shows a prospect of a crowded house for the first night.

"Miss Rose Aquinaldo, the contortionist, proved herself the equal, if not the superior, of any performer (in this line) who has yet appeared in this city. She has the advantage that when she is sitting gracefully on her own head, or tying complicated knots in her limbs, she does not give the impression—which many contortionists give—of doing anything painful or unnatural. Miss Adelina Sarina was successful in her trapeze act, her best feats being performed when descending the rope. Little Almee Tasma showed herself to be quite at home on the slack wire, and her wheel act was certainly a novelty."

HAD ENJOYABLE TIME.

The 1902 club held a "shirtwaist" dance last evening at San Antonio hall on Vineyard street. A large crowd attended the affair. The men appeared without their coats. The affair was a big success and on motion of President Jacobson, it was decided that in future, all shirts be worn during the dance. The club will have a trolley party next Tuesday night.

A CHINESE EVANGELIST.

At a church council held yesterday afternoon in the Central Union Church Wong Kuk Sing, whose church membership was transferred from Lien Chau, China, to the Chinese church in Honolulu, was satisfactorily examined as to his fitness for ordination in the work of an evangelist to his own people. The applicant has already aided in that capacity in China where he was severely persecuted on account of his convictions. He has had a thorough training with the Canton Presbytery. The Rev. E. H. Thwing interpreted during the examination and vouched in cordial terms for the fitness of the candidate. The ordination services will be held in the Chinese church on Sunday, June 22, in place of the usual morning service.

WOMEN'S WORK.

A committee, consisting of the following ladies, Mrs. H. H. Williams, president; Mrs. Walter Hoffman, Mrs. Freeth, Mrs. Murphy, Mrs. Imanishi and Mrs. V. H. Kiteal, secretary, met Friday afternoon and arranged the preliminary details of an exhibition and sale of women's work combined with a loan exhibit to take place November 21 and 22.

The object of the organization is to help the women of the islands, without discrimination as to creed or nationality, to help themselves. Mrs. Dole, Mrs. Bates, Princess Kawananakoa and Princess Kalaniana'ole have consented to act as patronesses.

The exhibition is to include all branches of women's handiwork, plain and fancy sewing, lace, art work, cakes, candies, jellies, preserves, etc.

The secretary will be pleased to answer any enquiries and will supply copies of the rules under which contributions will be accepted.

KAMALO SUE'D.

The Wilder Steamship Company has brought suit against the Kamalo Sugar Company to recover \$1281.73 with interest from January 13. This claim is for freight alleged to have been hauled to the Kamalo Sugar Company between January 22, 1900, and September 29 of the same year.

THAT TIRED FEELING.

What constitutes a load depends on the strength of the man or beast who has to carry it and the conditions under which he carries it. We hear people continually talk of being tired who have not done a sufficient amount of work to make them so. This sensation is popularly spoken of as "that tired feeling." People who have it often take stimulants to drive it away; the relief, however, is but momentary. A relapse follows and they feel more weary and depressed than before. For the trouble is not in the muscles but in the blood. Certain humors or poisons, arising from indigestion or otherwise, deprive the blood of its sustaining life-giving power, producing a result similar to what would follow from too much exertion and too little rest. But whereas in the case of a healthy person the tired feeling would pass away under the influence of sleep and repose, it is not so in this instance. On the contrary, sleep itself is broken and imperfect, and the sufferer rises in the morning unrefreshed and feeling as heavy and dull as when he went to bed. An effective remedy like WAMPOLE'S PREPARATION is needed to purge the blood of the impurities which prostrate the nerves and sap the sources of physical vigor. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In all cases of Wasting Disease, Rheumatism, Bowel Complaints, Fevers, Poverty of Blood, Weakness and lack of Nervous Tone, it comes more nearly to being a specific than any other known remedy. You may trust it on its merits. Effective from the first dose. "You cannot be disappointed in it." Sold by all chemists.
